Reading your eBook on your iPad:

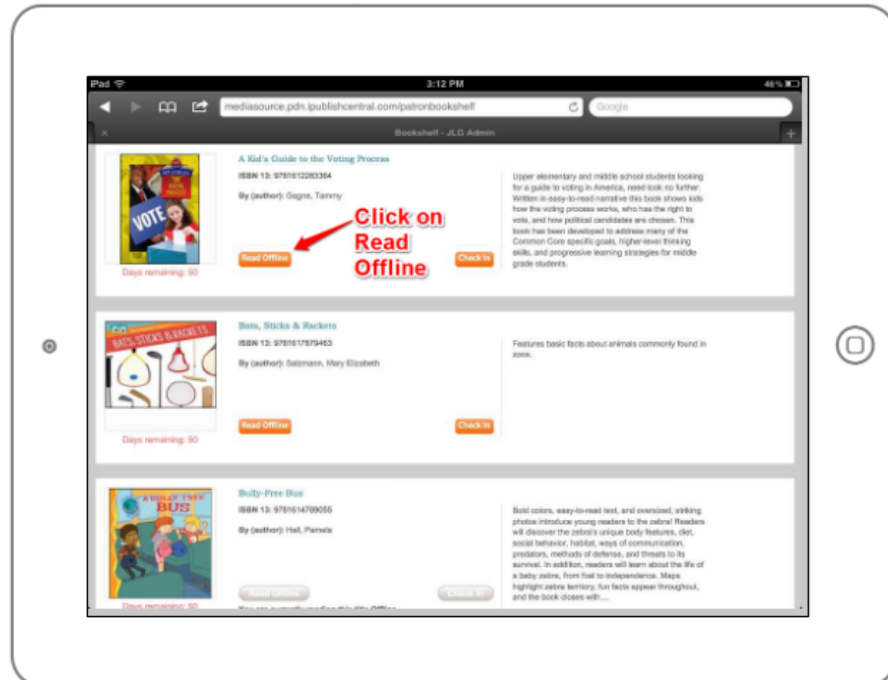

1. Download and install the iPublishCentral Reader iPad app from the App Store. The link is: <https://itunes.apple.com/in/app/ipublishcentral-reader/id510322929?mt=8>
2. Open the site <http://jlgebooks.com/> on the default browser on your iPad
3. Login with the Institutional username and password (If IP authenticated skip this step)

4. Once you are logged into the institution/library, click on Login next to the welcome message and login with your username and password.

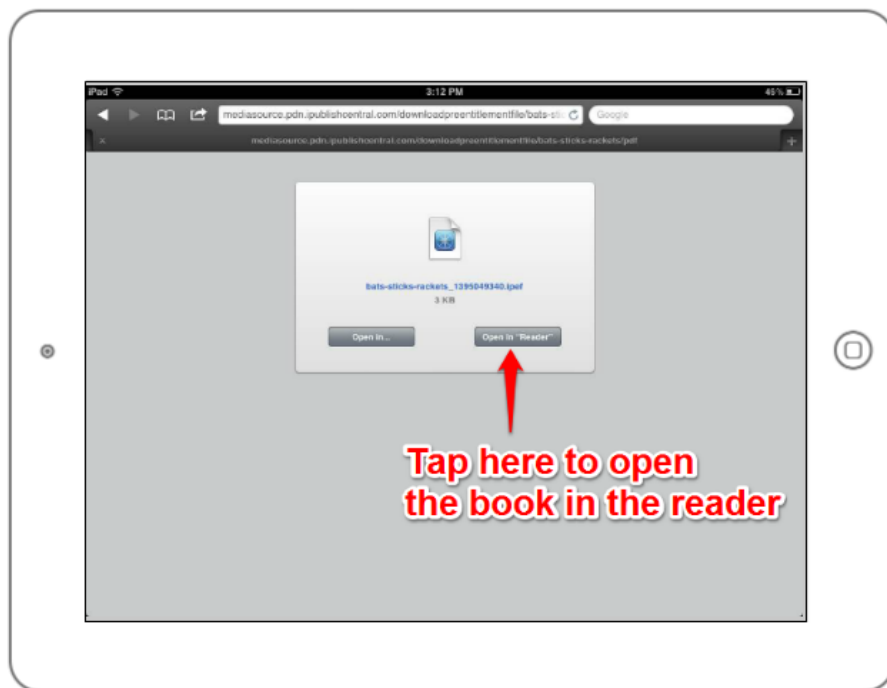

5. You will be redirected to the **Bookshelf** screen
6. Click on Bookshelf and **Check Out** the books that you wish to download.
7. Once you have **Checked Out** the books, you will see a **Read Offline** button next to the title.
8. Click on it and you will be redirected to the download page.

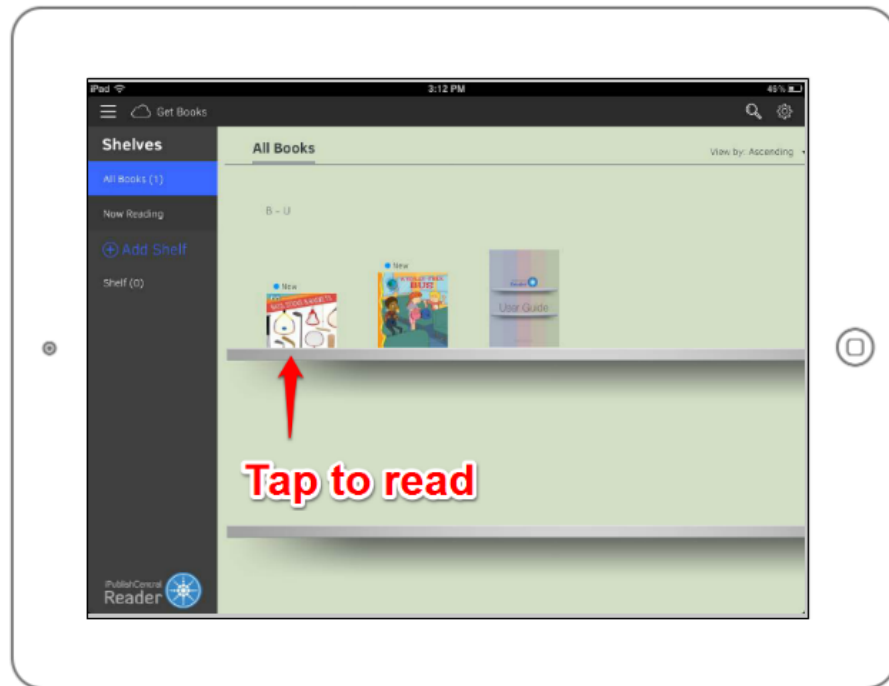

9. If in case you have not yet installed the reader, install it and get back to this page by following the same steps.

10. Click on the **Read Offline** option to download the book.

11. You will see the option "**Open in Reader**", tap on it.

12. Once the book is downloaded in the reader, tap on it to read.
13. To delete the book press and hold on the ebook. A pop up will come up asking if you want to remove this book. Press **Yes**.
