How do I determine if I have the Updated version of iOffline/iPublishCentral Reader on my computer ?

Roshan - 2013-11-07 - Comments (0) - iPublishCentral Reader

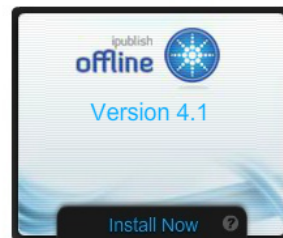

Based on the version you have installed on your system, when you open the eBook site and go to the iPublishCentral Reader installation page, you will see the badge showing any one of the following message.

Download

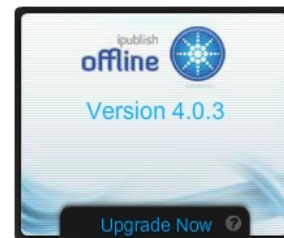

Current Version Exists on your computer

Download

New Installation

Download

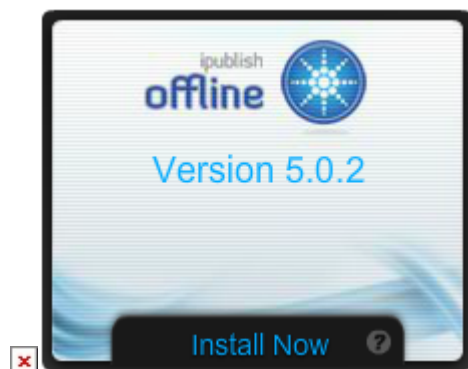

If you have the older version on your system

Always open the site on Mozilla Firefox or Internet Explorer

Google Chrome has difficulty detecting the Adobe Air applications installed on your computer.

The latest release of iPublishCentral Reader is Version 5.0.2

Tags

4.0.3
