### Setting Your Date and Time

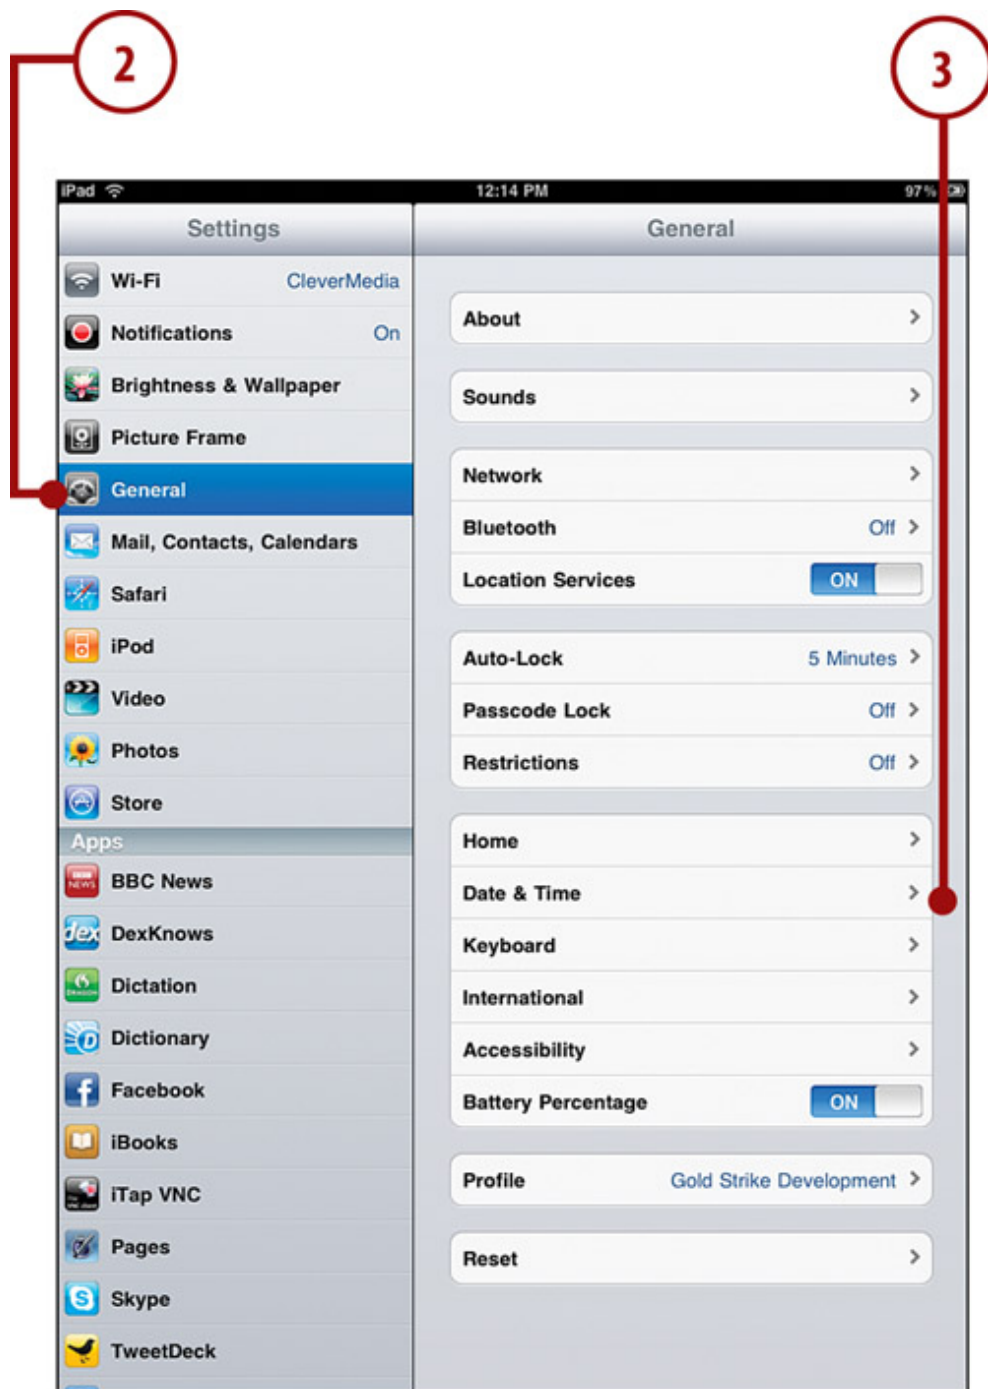

You can set the date, time and time zone for your iPad and even choose whether to display the time in 12- or 24-hour mode.

1. Tap the Settings icon on the Home screen.

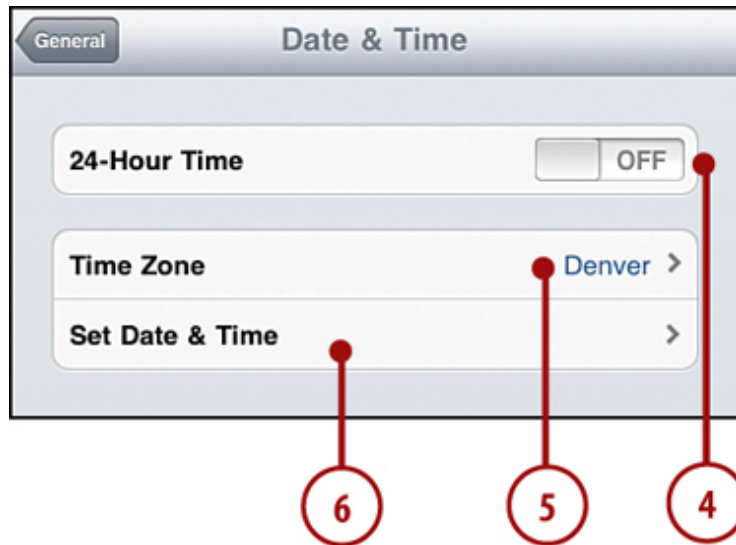

2. Tap General.

3. Tap Date & Time.

4. Set the 24-Hour Time switch to your preference.
5. Tap the Time Zone button and then enter the name of your city, or a nearby city, to set the zone.

6. Tap the Set Date & Time to bring up date and time controls.

7. Tap either the day or the time at the top of the control to switch the bottom of the control to the correct interface. If you choose the time, you can set the hour and minute. If you choose the date, you can set the month, day, and year.
