Access to 2014 Focal Points Digital

CS Anand - 2014-03-01 - [0 Comments](#) - in [AAO](#)

Access to 2014 Focal Points Digital

Get concise, practice-ready guidance you can use instantly! Focal Points is the Academy's trusted serial publication, with each monthly issue offering a mini-course on a specific ophthalmic topic.

- Fill knowledge gaps and keep your practice up to date with compact, to-the-point clinical advice.
- Learn from straightforward, peer-reviewed information written by experts.
- Refer to useful tables, diagrams, photos and surgical videos.
- Choose the learning style you prefer — print or digital.
- Earn up to 2 AMA PRA Category 1 Credits™ per issue.

In 2014, Focal Points is all-new! Both the print and digital formats have been completely revamped based on feedback from subscribers.

Introducing Focal Points Digital

The all-new digital format has more content and new features that allow you to access Focal Points anytime, anywhere. Subscribe to Focal Points Digital for:

- Mobile and offline access: Focal Points issues are now available in the Academy eBook format! Access online from your mobile tablet, laptop or desktop computer, or download issues for offline use on your Apple iPad or Android tablet with the AAO eBooks app.
- More content: Access the entire Focal Points archive of more than 100 issues during your subscription period, plus get a new issue each month. Download and print the issues of your choice.
- Enhanced search: Search across Focal Points issues dating back to 2004, including a video and image library.
- New look: Digital Focal Points issues will have an updated look and new navigation.

Click on the "Technical Specs" tab for more information and access instructions.

Subscribe to 2014 Focal Points Digital and get access for 12 months from your purchase date! (Those who subscribe before December 31, 2013, will receive access through December 31, 2014.)

Focal Points Print

The print version has been completely redesigned for easier reading. With a 2014 subscription, you receive:

- 12 print issues from January through December 2014, mailed quarterly in sets of three.
- A new topic covered in-depth in each issue.
- Access to Focal Points Digital through December 2014.

Subscribe to Focal Points Print for 12 print issues shipped quarterly to you in March, June, September and December, plus access to Focal Points Digital through December 31, 2014.

For orders shipping outside the US and Canada, a \$30 shipping surcharge will be added at checkout.

CME Credit (per Focal Points issue)

The American Academy of Ophthalmology is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The American Academy of Ophthalmology designates this enduring material for a maximum of 2 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Once you complete each Focal Points issue, visit [CME Central](#) to review or claim your CME credits. After purchasing this product, you may access the online format at <http://store.aaopt.org/online/customer/products/>.

Critical Information For Apple iPad users:

With the recent introduction of Apple's iOS7, highlights, notes and bookmarks in the AAO eBooks app may be lost when users upgrade to iOS7, due to iCloud's inability to backup this data.

Currently, developers are revising the AAO eBooks app to be fully compatible with iOS7. The updates will make it possible to keep your highlights, notes and bookmarks after upgrading to the new operating system and to synchronize them amongst iOS and Android devices. It is expected these features will be available by late November.

In the meantime, if you plan to upgrade to iOS7, it is recommended that you take screenshots of your notes, bookmarks, and highlights so you can reference them after the upgrade. To capture what is displayed on your screen, simultaneously press and then release the Sleep/Wake and Home buttons on your iPad. Your screen will flash and the screenshot will be automatically added to the pictures in your Camera Roll. We apologize in advance for this unforeseen inconvenience.

If your university or practice has purchased the 2013-2014 BCSC Residency Set, Residency eBooks Set Multi-User or Complete Set Multi-User on behalf of other users, please share this information with them as they may not receive this email.

If you have any questions, please contact Customer Service at 866.561.8558 (toll free, U.S. only), or +1 415.561.8540, or email customer_service@aaopt.org.

Technical Specifications:
