Change countries on iTunes store

Roshan - 2022-07-01 - 0 Comments - in General

<http://support.apple.com/kb/HT2001> when using iTunes --> "To change countries, scroll to the end of the iTunes Store home page and click the flag indicating the current country. To choose a different country, click the appropriate flag."

iOS: Changing the signed-in iTunes Store account - <http://support.apple.com/kb/HT1311> -
Change your iTunes Store country: "Sign in to the account for the iTunes Store region you'd like to use. Tap Settings > iTunes & App Stores > Apple ID: > View Apple ID > Country/Region."

You will, of course, need to change your address and enter valid credit card information after you have changed the settings.
