

## iPublishCentral Reader Un-installation on Windows Vista

Roshan - 2013-09-24 - 0 Comments - in iPublishCentral Reader

Please follow the below mentioned steps to uninstall the **iPublishCentral reader**.

Install the application "**iPublishCentral Cleaner**" attached below.

Run the iPublishCentral cleaner application.

Click on the Start button to open your Start Menu. The Start button looks like this: 

When the Start Menu opens click on the Control Panel menu option.

When the Control Panel window opens click on the Uninstall a program option option under the Programs category.

This option is shown by the arrow in the image below.

If you are using the Classic View of the Control Panel, then you would double-click on the Programs and Features icon instead.

You will now be at the Programs and Features, or Uninstall or change a program, screen as shown below.

Look through the list of programs for **iPublishCentral Reader** and then left-click on it once so that it becomes highlighted.

Once you highlight it you will see two new options next to the Organize and View button called Uninstall and Change.

Control Panel -> Programs -> Program and Features -> Select "iPublishCentral Reader" and click on "uninstall".

Note: AIR application should be version 1.5 and above.
